

Terms of reference for consultant to support developing a landscape approach handbook

Purpose

To develop a landscape approach handbook that demonstrates conservation, sustainable agriculture and other land uses approaches to address increasing complexity of widespread environmental, social and political challenges transcending conventional management of resources and economic growth boundaries.

Target group: Vi Agroforestry Staff, partners and stakeholders working smallholder farmers

Layout of the Landscape Approach Handbook

The following table summarises the expected content of the handbook.

No	Topic	Content
1	What is a Landscape?	Definitions, Types and Benefits
2	People and landscape	Stakeholders: Users, investors, policy/governance and private sector, CSOs
3	How is landscape characterised?	Community, Multiple (sector, purpose), cultural, political, social, economic, geography/climate, risks/vulnerabilities, integrated/trade-offs, time/plan, flexibility, collective role/responsibility
4	Principles of a sustainable landscape approach	Participatory/inclusion, partnership/collective, rights/equality, more functions, resilience, technology,
5	What shapes landscapes?	Ecological layer Social layer Economic layer
6	How to restore degraded agricultural landscape	Using agroforestry to restore landscapes
7	Conclusions	Is landscape approach practicable?
8	Appendices	Community Mapping

Functions of the consultant

1. **Developing text:** The consultant will do desktop content analysis, revise, rewrite and use the materials also provided by Environment and Climate Change (ECC) Regional technical working group
2. **Illustrations:** The consultant will draw required illustrations as teaching aid for the TOTs
3. **Training guide:** The consultant will develop a training guide/booklet for the TOTs
4. **Compilation:** The consultant will compile the handbook using Vi Agroforestry templates, format and above layout
5. **Language:** Simple British English will be used

Vi Agroforestry

November 09, 2020

6. Other duties assigned

Expected key deliverables

1. Compiled and edited texts
2. Draft Illustration/charts
3. Draft handbook
4. Draft training guide
5. Edited handbook

Design/graphics

- Simple Text
- Illustrations/pictures
- Examples
- 20 - 25 pages maximum

Who to supporting develop material?

1. ECC TWG
2. Should partners staff be involved?
3. Consultant

Supporting team

1. ECC TWG
2. Communication officer
3. Gender and FED RTWG
4. Management

Hired services

1. Graphics of illustrations/handbook
2. Translations
3. Printing

Versions

1. English (immediately)
2. Kiswahili
3. Kinyarwanda
4. Ruganda

Comments and inputs

1. ICRAF and CIFOR
2. All staff and partners

To Apply

Vi Agroforestry

Postal Address: Vi Agroforestry, P.O Box 457 67, 00100 Nairobi, Kenya Visiting Address: Lower Kabete/Ngecha Road
Phone: +254 20 418 4480/1383 Web: www.viagroforestry.org

Vi Agroforestry

November 09, 2020

Send application letter addressed to recruitment@viagroforestry.org and to be received not later than November 18, 2020. First come first analysed! The handbook will be developed not more than 20 days.

The application should contain:

- A letter of interest addressed to the Regional Director, Vi Agroforestry
- A CV showing education and at least 3-years previous relevant experience (sustainable agriculture, forestry, climate change, agroforestry, environment, natural resources, gender etc)
